

World of Wonders Aflac

In addition to the core benefits WOW provides, employees have the option to purchase supplemental insurance through Aflac. Aflac plans are 100% employee-funded (premiums are paid directly by the employee).

These plans can help cover costs that traditional insurance may not, such as expenses related to accidents, hospitalization, disability, or critical illness.

Participation is optional and can be tailored to your individual needs.

Enrollment information and plan details are available in the [linked documents] below.

Even though this benefit is employee-paid, it provides extra peace of mind and financial protection during unexpected events.

Open Enrollment

Open Enrollment for AFLAC is done in August of each year, with benefits taking effect on September 1st of each year. Please note, that you cannot change your benefits after August 31st until the next open enrollment period.
